All Access takes a "before they were stars" look at twenty-five giants in the graphic design industry by juxtaposing an edited selection of the stars' greatest hits with their "pre-fame" work. Author Stefan Bucher showcases their visual history, the first pieces that made them stars, their transitional work, and the eventual breakthrough pieces that caused their names to be known around the world. Insightful text exploring mentors, education, and eureka moments complement this visual timeline illustrating the journey from struggling novice to master designer.

In addition to the twenty-five giants, Bucher also profiles twenty of the most exciting upcoming design stars from around the globe. As with the masters, Bucher explores their road to early success, and showcases the work that is currently lifting these young designers into the spotlight. These are their early days, yet the work they are producing is groundbreaking and inspiring.
