Used to be my greatest achievement was holding a job more than three days. Now suddenly I can shoot fireballs, chill your drink or blow-dry your hair at fifty paces with a blink of my eye! It all started when this crazy scientist dropped something in my Grande Mocha Latte. Of course I got wicked sick. Next morning I'm waking up with this total hottie bending over me. He tells me 1) his name's Rome Masters, 2) he's a government agent and 3) I can control the four elements with a thought. He seems even less pleased by my (apparently irreversible) transformation than I am. Because now he'll have to kill me.
