Ecosystems and Human Health: A Critical Approach to Ecohealth Research and Practice

Crescentia Y. Dakubo

Ecosystems and Human Health: A Critical Approach to Ecohealth Research and Practice Crescentia Y. Dakubo
Ecosystems and Human Health introduces Ecohealth as an emerging field of study, traces its evolution, and explains its applications in cross-disciplinary and holistic programs. Its integrative approach not only focuses on managing the environment to improve health, but also analyzes underlying social and economic determinants of health to develop innovative, people-centered interventions.
