Qualitative Methods in Sociolinguistics

Barbara Johnstone

Qualitative Methods in Sociolinguistics Barbara Johnstone
Qualitative Methods in Sociolinguistics is the only book on qualitative research methods designed especially for readers doing research on language and society. It provides a brief, accessible introduction to general theoretical and practical questions about research and also covers the principal means of selecting, collecting, and analyzing data for interpretive sociolinguistic work. Topics discussed include the historical context of contemporary sociolinguistic methodology, the development of research questions, standards of evidence, research ethics, ethnography, discourse analysis, and strategies for writing articles and essays. In each chapter the author considers both field methods and analytical methods, illustrating the approaches by describing studies that have employed them. Exercises, ideas for discussion, and suggestions for further reading enhance the text and provide starting points for student research projects. Clearly written and comprehensible to students at all levels, this unique work is an ideal supplementary text for courses in sociolinguistics, language and culture, and field methods. It is also a helpful reference for anyone contemplating sociolinguistic research on any level.

Brenda Cornell:

Do you have something that you want such as book? The publication lovers usually prefer to pick book like comic, small story and the biggest the first is novel. Now, why not seeking Qualitative Methods in Sociolinguistics that give your fun preference will be satisfied by reading this book. Reading addiction all over the world can be said as the opportunity for people to know world better then how they react to the world. It can't be mentioned constantly that reading practice only for the geeky individual but for all of you who wants to be success person. So , for every you who want to start reading through as your good habit, it is possible to pick Qualitative Methods in Sociolinguistics become your personal starter.

Robert McCauley:

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some guide, they are complained. Just little students that has reading's internal or real their passion. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Qualitative Methods in Sociolinguistics can make you experience more interested to read.
