Shooting World War II Small Arms

Mike Venturino

Shooting World War II Small Arms Mike Venturino
Shooting World War II Small Arms covers the small arms used by the major combatants in World War II, including rifles, carbines, handguns, submachine guns and their modern replicas and reproductions.

The focus of this publication is shooting these important and historical firearms. Mike s information on available factory ammunition and handloading data enables owners and
potential owners to truly enjoy these collectible guns.

This extensively researched volume contains over 400 full-color and archival black-and-white photographs.
