International Handbook of Criminology

International Handbook of Criminology
A substantive guide to state of the art research and theory, the *International Handbook of Criminology* completes an esteemed trilogy of comparative analyses and insight from worldwide experts. Exploring a phenomenon that penetrates cultures of all racial, ethnic, and social classes, this volume continues in the tradition of its predecessors in the series by updating research on longstanding issues and offering perspectives into new problems and trends.

Topics in this volume include:

crime issues related to social divisions. Assembling the works of leading criminologists in Europe, the Americas, the Pacific, the Mediterranean, and Australasia, this volume reflects the need for a re-evaluation of the field of criminology in response to the changing theoretical framework that has occurred in recent years. In doing so, it further elevates the level of discourse and sets the stage for innovative research projects and solutions. Those wishing to continue their studies should consult the *International Handbook of Victimology* and the *International Handbook of Penology and Criminal Justice*, which complete the trilogy.
