"The Pop Piano Player" series is an essential resource for all pop pianists, with each volume featuring many classic songs. Designed for both pianists wanting to make the transition into playing pop piano, as well as for those keen to develop their own style, each song is presented in two different formats. The first version includes the melody, lyrics and basic chord structure of each song, ideal for practice, accompaniment and improvisation. The second version is a superb arrangement of the song for piano solo, suitable for immediate-level pianists, perfect for performance. All the songs are in their standard keys, enabling pianists to play with other musicians, and the free CD features performances of all the piano arrangements.
