When it comes to creativity, women are impresarios. Women Create! explores women's uniquely capricious, brilliant, and innate process of constructing and exhibiting creativity. Hilda Ruch identifies four characteristics of creative expression: Creativity is a universal and critical aspect of human nature. Everyone has creative potential. Creativity is an animating source of energy that is enhanced through awareness and use. Creative expression is personal to the individual and takes on various forms. Gender differences in physiology and social-cultural experiences affect creative expression. These differences enrich and strengthen the human community. Women Create! is a playful, straightforward, thought-provoking, user-friendly read. It crackles with the ideas and actions of inspired women while suggesting open-ended pathways for nurturing creative life. Ruch presents an ingenious celebration of the true originators of creativity . . . women!
