Liposuction: Principles and Practice

Liposuction: Principles and Practice

This superbly illustrated book covers all aspects of liposuction: anatomy, pathology, biochemistry, preoperative care, equipment, the full range of procedures, complications, postoperative care, outcomes, lipedema, and medical legal aspects. Compared with the successful first edition, the text has been extensively updated and many additional chapters included, with particular attention to recently introduced techniques. While new technology helps to improve results, experience, care, and skill on the part of the cosmetic surgeon are essential if optimal results satisfactory to the patient are to be achieved. The contributors to this book have expended much time and effort to present the cosmetic and plastic surgeon with as much information as possible on the techniques and uses of liposuction for the purposes of cosmetic and non-cosmetic surgery. *Liposuction: Principles and Practice* will be of value for residents and fellows and for practicing and highly experienced surgeons in plastic surgery, cosmetic surgery, general surgery, and other subspecialties.

From reader reviews:

Richard Puccio:

Do you really one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Try and pick one book that you find out the inside because don't judge book by its protect may doesn't work the following is difficult job because you are frightened that the inside maybe not as fantastic as in the outside appear likes. Maybe you answer is usually Liposuction: Principles and Practice why because the wonderful cover that make you consider about the content will not disappoint an individual. The inside or content is usually fantastic as the outside or cover. Your reading sixth sense will directly make suggestions to pick up this book.

Nick Zapata:

You can spend your free time to see this book this reserve. This Liposuction: Principles and Practice is simple bringing you can read it in the park, in the beach, train in addition to soon. If you did not possess much space to bring the actual printed book, you can buy often the e-book. It is make you better to read it. You can save typically the book in your smart phone. And so there are a lot of benefits that you will get when one buys this book.

Carol Witt:

Is it you actually who having spare time after that spend it whole day by watching television programs or just lying down on the bed? Do you need something totally new? This Liposuction: Principles and Practice can be the answer, oh how comes? A book you know. You are and so out of date, spending your time by reading in this fresh era is common not a geek activity. So what these textbooks have than the others?

John Montes:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their interest. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Liposuction: Principles and Practice can make you truly feel more interested to read.
