The artist is the creator of beautiful things. To reveal art and conceal the artist is art's aim. The critic is he who can translate into another manner or a new material his impression of beautiful things.
A lush, cautionary tale of a life of vileness and deception or a loving portrait of the aesthetic impulse run rampant? Why not both? After Basil Hallward paints a beautiful, young man's portrait, his subject's frivolous wish that the picture change and he remain the same comes true. Dorian Gray's picture grows aged and corrupt while he continues to appear fresh and innocent. After he kills a young woman, "as surely as if I had cut her little throat with a knife," Dorian Gray is surprised to find no difference in his vision or surroundings. "The roses are not less lovely for all that. The birds sing just as happily in my garden."
As Hallward tries to make sense of his creation, his epigram-happy friend Lord Henry Wotton encourages Dorian in his sensual quest with any number of Wildean paradoxes, including the delightful "When we are happy we are always good, but when we are good we are not always happy." But despite its many languorous pleasures, The Picture of Dorian Gray is an imperfect work. Compared to the two (voyeuristic) older men, Dorian is a bore, and his search for ever new sensations far less fun than the novel's drawing-room discussions. Even more oddly, the moral message of the novel contradicts many of Wilde's supposed aims, not least "no artist has ethical sympathies. An ethical sympathy in an artist is an unpardonable mannerism of style." Nonetheless, the glamour boy gets his just deserts. And Wilde, defending Dorian Gray, had it both ways: "All excess, as well as all renunciation, brings its own punishment."

***Each of these 6 bonus books has been described as “life-changing” and they’re all included here as a bonus to a classic masterpiece at a ridiculously low price. In fact, you’re saving at least $50 off the combined retail value of just three of the books.
In addition to the main title you’ve chosen, you will find:
“Think and Grow Rich” by Napoleon Hill
“As a Man Thinketh” by James Allen
“Dealing with Loneliness: An Open Invitation to Life, Love and True Companionship”
“The Self-Improvement Handbook: The Art and Science of Success Distilled into One Simple But Powerful Life-Changing Guide”
“How to Write and Publish Your Own Books”
“The Master Key System” by Charles F. Haanel
For your bonus, I tried to choose a combination of books that would offer something of value to just about anyone – young or old, male or female, regardless of faith or economic background. If you have access to the internet - and I assume you do since this is delivered in digital format to your e-reader – I trust you can find something of benefit here. My goal is to get this valuable information in the hands of those who may not otherwise encounter it, and maybe make enough to help pay for my daughter’s dance lessons. I've included a linked table of books to help you navigate the bonuses! <3
