In *Omens, Oghams & Oracles* you will learn how to make:
·Skystones
·Touchstones
·Bodhran drum
·Saxon wands
·
Then you will learn how to use these for divination. You will discover how these ancient oracles can increase your understanding of yourself and others. The sample readings, as well as beautiful illustrations, enhance the usefulness of this information book.

One of the most unique forms of divination given in this book is the Bodhran drum divination. This type of drum is generally shallow and held in the hand, rather than on a stand. The head of the drum would be marked, indicating nine directions. Between nine and twenty-one seeds were dropped on the drumhead which would then be tapped with a specially prepared ritual hammer, causing the seeds to scatter on the surface. The answer to the question was determined by the relationship of the seeds to the directional indicators. You will learn how to make your own drum and do the divination.

Combine this with the other forms of divination in this book and you'll see that *Omens, Oghams & Oracles* is a must.
