Warning: These books contain strong language, some dark moments, WTF moments, laugh out loud moments, and "Damn it, I ran out of tissues!" moments.

After reading, it's safe to say . . . you may need a moment.

"I've been 'lost' for seven years. However, it only took three months and an extraordinary man to find me. I know . . . the math doesn't seem to add up. But it does—you'll see."

Goodbye Caution:
Becca Campbell is a mother, friend, and widow to a war hero (may he rot in hell). She just wants to raise her daughter right and keep her bed-and-breakfast afloat in this economy. Her traumatic past leaves her with no desire for a relationship—until Grayson James walks through her door. He's not the type of man you can easily say "no" to. Becca can't quite understand the pull she feels toward him. But then his controlling nature starts to push her away—and into Ray McNeil's comforting arms. Which is right where Ray has always wanted her.

Who will Becca choose?

Will she finally give in to her feelings for Ray, or continue the tumultuous relationship with Grayson? Only one thing is certain—either choice will mean saying goodbye to caution.
Goodbye Secrets:
What if your life wasn't exactly as you thought it was? What if there were secrets you kept—from yourself?

Becca Campbell has no idea her world is about to be turned upside down when she and Grayson return to New Hampshire.

Pieces start flying into place, answering the questions of the puzzle she calls her life. Things finally add up—it all makes sense. All that was lost is now found.

But will she be able to move forward, knowing the truth?
Goodbye Uncertainty:
BECCA Campbell was lost for seven years, until an unexpected person from her past came back into her life and unveiled the truth.

This truth has set her free.

If only it were that easy.

Knowing what she now knows, Becca must come to grips with reality. She has to fight for the man she loves. The man she is meant to be with.

Becca, very sure of her path, needs to get him to say goodbye to uncertainty.

What happens, though, when uncertainty with her is all he’s ever known?
