Love, Sex, and Understanding the Universe Harrie Farrow
Jim first hears the word bisexual in the sixth grade. He embraces the label, but soon discovers how difficult his life is going to be. At age sixteen, his formerly liberal parents turn born-again Christian. His boyfriend Rick, who is also bi and has a girlfriend, isn't ready to come out of the closet, and if his parents knew what the two of them were doing in Rick’s basement apartment, they'd never let Jim stay there. In college, Jim takes on hedonistic girlfriend, Amy, but she doesn’t seem to want to know who Jim really is. After a traumatic breakup, Jim moves to San Francisco to finally be out and open but instead everything gets insanely complicated. Struggling to be true to himself in a world where no one seems to want him to be who he is, Jim spirals into mental chaos, juggling living between two lies. A married couple changes everything, but a shocking revelation leads Jim to discover that love finds its own way, and he ends up with more than he’s sure he can handle.
