How the Bear Stole Christmas: Sierra Moon Shifters Claire Ryann
Andi needed to put some distance between her and her cheating fiance.

When an opportunity to run a friend's coffee shop for the winter season lands her in the path of the surly man that the locals call "the Grinch" will she be able to see beneath his gruff exterior to discover that the California Grizzly never really went extinct?

This is a stand alone novella with character cross overs and story tie ins to the Sierra Moon Shifters series. It can be read as by itself, but will be enjoyed more if read in order with the other books.
