The Oxford Handbook of Political Theory (Oxford Handbooks of Political Science)

John S Dryzek, Bonnie Honig, Anne Phillips

The Oxford Handbook of Political Theory (Oxford Handbooks of Political Science) John S Dryzek, Bonnie Honig, Anne Phillips
Long recognized as one of the main branches of political science, political theory has in recent years burgeoned in many different directions. Close textual analysis of historical texts sits alongside more analytical work on the nature and normative grounds of political values. Continental and post-modern influences jostle with ones from economics, history, sociology, and the law. Feminist concerns with embodiment make us look at old problems in new ways, and
challenges of new technologies open whole new vistas for political theory.

This Handbook provides comprehensive and critical coverage of the lively and contested field of political theory, and will help set the agenda for the field for years to come. Forty-five chapters by distinguished political theorists look at the state of the field, where it has been in the recent past, and where it is likely to go in future. They examine political theory's edges as well as its core, the globalizing context of the field, and the challenges presented by social, economic,
and technological changes.
