MongoDB: The Definitive Guide Kristina Chodorow

Manage the huMONGOus amount of data collected through your web application with MongoDB. This authoritative introduction—written by a core contributor to the project—shows you the many advantages of using document-oriented databases, and demonstrates how this reliable, high-performance system allows for almost infinite horizontal scalability.

This updated second edition provides guidance for database developers, advanced configuration for system administrators, and an overview of the concepts and use cases for other people on your project. Ideal for NoSQL newcomers and experienced MongoDB users alike, this guide provides numerous real-world schema design examples.

- Get started with MongoDB core concepts and vocabulary
- Perform basic write operations at different levels of safety and speed
- Create complex queries, with options for limiting, skipping, and sorting results
- Design an application that works well with MongoDB
- Aggregate data, including counting, finding distinct values, grouping documents, and using MapReduce
- Gather and interpret statistics about your collections and databases
- Set up replica sets and automatic failover in MongoDB
- Use sharding to scale horizontally, and learn how it impacts applications
- Delve into monitoring, security and authentication, backup/restore, and other administrative tasks

From reader reviews:

Melanie Tuck:

Now a day people who Living in the era everywhere everything reachable by connect with the internet and the resources within it can be true or not need people to be aware of each details they get. How many people to be smart in acquiring any information nowadays? Of course the answer then is reading a book. Reading through a book can help individuals out of this uncertainty Information specially this MongoDB: The Definitive Guide book because book offers you rich information and knowledge. Of course the knowledge in this book hundred per-cent guarantees there is no doubt in it as you know.

Bruce Zimmerman:

Reading can called brain hangout, why? Because when you are reading a book specifically book entitled MongoDB: The Definitive Guide your thoughts will drift away trough every dimension, wandering in each aspect that maybe unfamiliar for but surely can become your mind friends. Imaging just about every word written in a publication then become one web form conclusion and explanation this maybe you never get previous to. The MongoDB: The Definitive Guide giving you one more experience more than blown away your head but also giving you useful information for your better life within this era. So now let us present to you the relaxing pattern the following is your body and mind will probably be pleased when you are finished reading it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

Percy Brown:

Your reading 6th sense will not betray you actually, why because this MongoDB: The Definitive Guide reserve written by well-known writer we are excited for well how to make book which might be understand by anyone who all read the book. Written inside good manner for you, still dripping wet every ideas and writing skill only for eliminate your hunger then you still uncertainty MongoDB: The Definitive Guide as good book not simply by the cover but also by content. This is one e-book that can break don't evaluate book by its handle, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Nancy Gump:

What is your hobby? Have you heard this question when you got college students? We believe that that problem was given by teacher for their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person such as reading or as studying become their hobby. You should know that reading is very important along with book as to be the factor. Book is important thing to increase you knowledge, except your own teacher or lecturer. You will find good news or update in relation to something by book. A substantial number of sorts of books that can you choose to adopt be your object. One of them are these claims MongoDB: The Definitive Guide.
