Virtual Enterprise Integration: Technological and Organizational Perspectives

Goran Putnik

Virtual Enterprise Integration: Technological and Organizational Perspectives Goran Putnik "Virtual Enterprise Integration: Technological and Organizational Perspectives" addresses the emergent research and development issues for the most-advanced enterprise organizational paradigm of today's world - the virtual enterprise paradigm. "Virtual Enterprise Integration: Technological and Organizational Perspectives" integrates the contributions by renowned international researchers and scientists and is virtually the first book focusing solely on the problem of virtual enterprise integration. This book is a guide that gives readers a broader perspective of VE integration requirements and raises their awareness on which technology and how technology can serve the needs of an expanding and increasingly competitive organizational model.
