*Gregory S. Neal*

**Grace Upon Grace: Sacramental Theology and the Christian Life** Gregory S. Neal
**From the soft back's cover:**

This book is about grace and the many ways that Christ conveys his unmerited favor to us. Since grace is essential to the Christian life, it is important for us to consider how we receive it, what it looks like, and how it functions. Dr. Neal does more than speak of abstract theological concepts; he opens a door to his own life, personality, and experiences. Through them he shows how God works in us, imparting divine love through the sacraments and the other means of grace

**From the hard back's cover:**

There are many means of grace. Throughout the history of the church Christians have identified and institutionalized several of them as either sacraments or sacramental acts, and each has played an important role in the lives of believers. Other means of grace have been recognized as having sacramental qualities but only infrequently have they been recognized among the sacraments. While there are far too many for us to examine within the confines of this book, we will look at a few of the more important means of grace, study how they function, and consider how their sacramental qualities play a role in the life and witness of Christians.
