JUST ZIP YOUR MOUTH!: "Stupid Words From the Mouths of Celebrities" JACK WEST
JUST ZIP YOUR MOUTH! – People always have been enamored with celebrities. There is a persistent fascination and an almost ongoing love affair with whatever famous actors and actresses; poignant, profound and not-so-eloquent figureheads; quirky and irritating politicians; and almost all other famous persons out there say and do. It is as if the masses are mesmerized and hypnotized by every single thing that happens in their lives. And just as we are keenly interested in them, so they are also interested in blurting out to the world whatever is on their minds – their views on politics, love, the world, and most especially themselves.

“I would not live forever, because we should not live forever, because if we were supposed to live forever, then we would live forever but we cannot live forever, which is why I would not live forever.” - Heather Whitestone - Miss Alabama 1994 –
“I don’t want to be stinky poo-poo girl, I want to be the happy flower child.” - Drew Barrymore
And verbalizing their thoughts is where they go a bit too far – for many of their quips, which they consider profound and worth sharing to everyone, are more often than not the exact opposite – blunders and gaffs which are laughable and just plain ridiculous. The charms, beauty and physical appeal of most celebrities are equally matched by the lack of gray matter residing in between their ears. A few words from them are enough to let everyone realize how idiotic they really are. Then add to that a few drinks or drugs and they spew a cornucopia of idiocy.

“I don’t even listen to rap. My apartment is too nice to listen to rap in.” - Kanye West –
“What is a soup kitchen?” - Paris Hilton -

This is what JUST ZIP YOUR MOUTH! - is all about. It is a hilarious compilation of celebrities’ most memorable bungles and goofs, made all the more funny because those who spouted them seriously believed in what they were saying. It is as if their philosophies in life never got further up from the primordial muck whence the earliest living organism arose four and a half billion years ago. And from which they seem to be directly descended.

“Everything bad that can happen to a person has happened to me.” - Paris Hilton -
“I am working on bringing the instant film camera back as part of the future.” - Lady Gaga -

So prepare to laugh your hearts out as you read the funniest, silliest, strangest, and stupidest things celebrities have to say. You just might mentally ask them as you read: “Please – please JUST ZIP YOUR MOUTH!”

“An Olympic sprinter only has to run two races a day. When I’m shooting (a film), I could potentially have to run 30, 40 races a day, day after day.” - Tom Cruise –
“I believe in capital punishment. Who commits terrible acts must get fitting punishment. That way he learns his lesson for the next time.” - Britney Spears -
