The Worst Of Star Wars Gregory Honay
Star Wars is, simply put, the greatest, most iconic movie saga in history. It’s made billions of dollars, has become an instantly recognizable pop culture icon constantly referenced by just about everyone and everything, and is practically a religion to certain segments of the population. But for as holy as Star Wars has become, it’s sometimes easy to forget how much really, really bad stuff these movies are loaded with.

People have vague notions of the prequels sucking or hating Ewoks, but that doesn’t even scratch the surface of the convoluted, often contradictory storylines and annoying characters and dialogue. Throughout the course of this book, we will look at each and every one of the inane, confusing, disappointing, and infuriating things that don’t make us hate the Star Wars movies, but sure makes liking them much harder than it needs to be.
