Security Officer's Handbook: Standard Operating Procedure

Edward Kehoe

Security Officer's Handbook: Standard Operating Procedure Edward Kehoe
The Security Officer's Handbook fulfills the distinct need for a single method
of setting up the field operations needed to provide adequate protection to the client, firm or individual. The Standard Operating Procedure System asks all
the questions required to survey any protection objective. In addition, the system provides all the basic information needed to answer those questions and leads to the implementation of the tactical or mission standard operating procedure. The Standard Operating Procedure System may be applied to any type of security or protection operation and may be modified, expanded or contracted, without needing to rewrite or redesign an existing security program.

Details a system to survey, implement, and maintain at full operational
effectiveness many types of assets protection programs.
Provides the basis for the vital training required by every security or physical
