Providing counseling professionals with a solid grounding in the primary theories, skills, and models used by professional consultants, **Counselor as Consultant** is the first text that explicitly addresses the new CACREP core standards for consultation. The book's strong focus on intentionality, reflection, and wellness helps readers develop a strong sense of counselor identity, while its structure and exercises reinforce learning. Abundant exercises and case illustrations help counselors-in-training translate theory into practice and learn the essential skills needed for consultation positions.
