You will want to have your own tools anyway, so investing in them before you take a class is not a bad idea! Plus once you have invest in the tools you will not want them to sit around collecting dust so put them to good use by taking a class. Whether it is online or in a classroom setting.

Just like you I had all but given up on trying to put icing on cakes, cookies, and cupcakes. I just couldn't do it where it didn't make a mess and the more I smoothed the icing on the cake the more of a mess it looked. I decided I would never learn how to make things look good, but at least I could make them taste good. That worked pretty well for a while. Every time I found a good recipe I wanted to try, but I knew it wouldn't look like the picture when I got through with it.
