Chloe has always been the strange girl. She's not as wealthy as her friends, and certainly not as pretty as her best friend Amanda. She's struggling to afford community college while Amanda glides through her expensive university with rich boyfriends.

Amanda's got an idea to help, though. She'll bring her friend out on the yacht, and then good times will be had by all. She even brings two hot guys for Chloe to hook up with! There's only one problem: they're gay.

An unexpected storm throws Amanda's boat against a small island and leaves the yacht's captain unconscious, Chloe has to make the whole group work together to survive. Things seem to be going well until another boat crashes into the island, too.

Justis and Chloe immediately have chemistry. That is, until she finds out Justis was once her step-father.

Will Chloe allow that chemistry to blossom into something more?
