Wait! That's Not My Husband! An MFM Erotica Story with Bondage Amy Dupont
It was a slip of the tongue, but I accidently let on that I thought our sex life was a little boring. My husband took matters into his own hands and I woke up blindfolded while he drove me crazy with his kiss and his hand. I was ready for anything, but it wasn't until a second cock pressed against me that I understood just how adventurous he was getting!
Warning: This ebook contains very explicit descriptions of sexual activity and includes mfm threesome sex, rough sex, bondage, double team sex, and more. Only mature adults who won't find that offensive should read this story.
Here is a preview:
Hours later I felt myself pulling away from the haze of sleep to the feel of James' fingers against my pussy. It was such a wonderful and amazing way to feel myself returning to consciousness, and I let myself gradually come to awareness as his hand drove me wild and I just enjoyed the way his closeness made me feel. He was right up against me kissing my neck, and I reached for his face, and that was when I realized my hands were tied to the bedpost. I felt an immediate and overwhelming thrill. "You did it," I whispered. We'd talked about trying some light bondage, and it was one of those things he kept "threatening" almost every day since my idiotic comment. I turned to look at him and opened my eyes, and that was when I realized he'd blindfolded me as well. I moaned and arched my back because the sudden knowledge of my helplessness and my loss of sight was like a vibrator to my clit, and his gentle probing with his fingers was driving me crazy as well. He'd brought me from zero to sixty in seconds, and it was overwhelming. Boring? No fucking way.
I guess there's something to be said for communication, even if it's utterly unplanned, stupid, callous, and unthinking communication. God! He felt so damned good! When he pulled his mouth away from my neck and I felt him spreading my legs, I was so damned ready for him. I felt the blunt head of his cock up against my pussy, and then he was inside of me. I groaned because he felt so hard and somehow different, like the bonds at my wrists and the blindfold had made things something other than what they would typically be. I felt him pushing inside. He was more aggressive than normal, slamming in harder than usual, and I loved the way he was doing things differently.
At least that's what I thought I loved.
