What is it that causes people to want to know the secret things of the universe, whether they are true or not? Clearly, knowledge is power and power can feel absolute when it is kept within a cloistered group. It appears as though there has been a deliberately hidden, yet clear goal, known only to those who have been initiated within the various esoteric societies that have existed throughout the ages. These societies use secrecy to draw in those who seek power and dominion over the entire earth through coming cataclysmic changes. For generations now, evil has seen fit to share its gnosis with but a few chosen lines of humanity. These elitists, as they have become known, jealously guard their secrets while working to bring the world to its knees in order to chart a new course they call the New World Order (NWO). The attempts to create this NWO actually began in the Garden of Eden and continue to this day. Time and technology have allowed progress to move forward at speeds previously unheard of in past generations. Where does it ultimately lead and what will it look like? Author Fred DeRuvo peels back the curtain connecting the dots between the beginning and what will be the end. DeRuvo brings us into the future as he shares insight from the Scriptures and from the esoteric societies whose goal is to tame this world for their Dark Lord, Lucifer.
