KISSING UP: 50 WAYS TO KEEP YOUR HEELS, HEAD & STANDARDS HIGH B.B. Young
If you are single, dating or waiting for a miracle, KISSING UP is the uplifting Dating & Living resource that delivers the tips and thinking exercises you need to play to win on that Olympic field called “Life in New York City.” KISSING UP is one part "Sex in the City", one part Break Up Bible and two parts productivity guide to get you results.

We writers dug deep into real people's emotions and experiences to distill the most important lessons to be learned from dating and working. Taking real-life stories anonymized from real people, the writers of KISSING UP have crafted cosmopolitan parables we can use to sharpen our dating and working skills.

We all want to succeed by being smarter, not just working harder. To weed out the worthless fake loves & help the real thing blossom. To get that corner office and promotion finally. To build a love and legacy to transcend our lifetimes into our children's and grandchildren's lifetimes.

All these aspects are explored in this New York City dating manual demystifies the pitfalls of modern romance. From E-ttentive guys, flirting, break-ups, online dating, three-ways, cyberstalking, money battles, gay and bi-sexual lifestyles, health crises, and the Top Ten Dating Golden Rules, this step-by-step guide covers how the adventure of dating has changed today.

KISSING UP will help you confront + manage the colorful surprises in store when working with and dating a Lifesavers roll assortment of hotties, notties, the morally bankrupt & the emotionally unhinged.

Author B.B. Young and Editor John Reed get it — you have life goals: good job, good love, good family. But, on the job, in your social network and at the bar, modern dating is the Olympics of hoodwinking.

KISSING UP is a step-by-step manual to keep your life on track and keep your heart intact.

In today’s society, nobody’s gonna hit you on the head to get their way. They will, however, lie and manipulate you quicker than you can say “Boo.” Blatant exploitation has be replaced with sneaky tricks and passive aggression. The dynamics may be subtler but the intent is always the same: control. The cute guy who doesn’t call, the co-worker who invites you to the big meeting at the wrong start time, the girlfriend who hangs out just to meet all the hot guys you know.

Believe you me, we’ve been there. If your boss isn’t trying to play you like you’re dumb, other phonies may be busy trying to convince you that the friendship and love is real.

That has to stop and KISSING UP is your roadmap to all the warning signs of trouble & on just how to end it.
