She can track down the world's most dangerous drug lords, hack into any computer, and kill a man in fifteen different ways—but when she comes face-to-face with the only man who's ever held her heart, it might be her most dangerous mission yet... Or is it? Sloan Walker. Dr. Felicia Santora. Agent L-55. Three very different personas, three very different names, but all have one thing in common. They're all controlled, acted out, and lived by one woman. Her past has been long forgotten. Ten years have gone by since someone remembered the girl she used to be. The young girl with the big-brown eyes and beautiful dreams of happiness, dreams of love. She now lives a clandestine life. A life filled with top-secret missions and covert assignments. Only a handful of people know the true nature of her job. Her safety is constantly being pushed towards the brink of life-threatening danger. Then one day someone unexpectedly steps back into her life… A man who once owned her mind, body, and soul. A man who held her heart in the palm of his hand. He remembers. He knows. And this knowledge could threaten everything she's worked so hard for. Nixon West is as intelligent as they come and his Navy SEAL training has made him one of the most dangerous weapons in the United States Military. The moment she reappeared into his life he promised himself that he wouldn't let her go. But the true question is…what extreme lengths will Nix go to for her? She will soon face another mission. And it will test everything. Time never seems all that important until your life hangs in the balance. Tick. Tock. Tick. Tock… Covertly Strong, Book One of The Strong Series is a Romantic Suspense novel with an interesting military twist. This book can be read as a standalone. Warning: This love story has sexual content, explicit language, and may contain potential triggers for some readers.
